It All Starts in the Sandbox

70-minute program includes media education

Empathy is easy! Learning to share and to include others is the first step. The characters in these short films find a way to get along with people different from themselves. One little Swedish meatball has a new toy – but if he includes his friends, they can make an even better one! Toad and Bunny's visiting pal Hamster has an annoying nocturnal sleep-over habit – can they negotiate their lifestyle differences? Emil sees the world only through rose-colored glasses – how about trying a new outlook and embracing all colors? The characters in these fun films learn to make room for new and unexpected friends.
