ProPass is your passport to the World's largest and most competitive juried festival of films and videos for children. The Festival, presented by Facets Multi-Media, features **over 200 films and videos from 40 different countries**.

Looking for new talent and innovative product?

One of the fastest-growing areas in the film industry is programming for young people, and the **Chicago International Children's Film Festival** offers an unparalleled opportunity to view hundreds of new films while making direct contact with producers and directors. With over 30 years of experience, as the largest festival of children's films in North America, the CICFF has the inside track on the best and brightest children's films from around the globe.

The Festival operates a small but dynamic market for foreign and U.S. distributors, buyers and festival programmers welcoming representatives from Miramax, Tribeca Film Festival, Starz!/Encore, Nickelodeon, Sesame Workshop, AMPAS, Little Airplane Productions, Museum of Modern Art (New York) and the National Gallery of Art, and many other national and international organizations who attended the Festival to scout films for possible distribution or presentation rights. Through the ProPass program the Festival is the source of programming for scores of other children's film events worldwide.
