## It's the Write Time

### Animated Short Film Program

Grades 6-8 (Ages 11-14+)  
90-minute program includes media education

Witness the power of the written and spoken word as it transforms lives in these short films. Oral historian Studs Terkel recounts an experience where the voice of a child saved the day. When Joe expresses his feelings for Kaitlyn through a handwritten letter rather than a text or an email, she doesn't know what to make of this quaint method of communication. An avid bookworm is swept away into a book-filled world where texts come to life. Celebrate the magic of imagination and communication!
