The characters in this shorts collection are unafraid to dream big - and inspire others along the way. In "Nelson Mandela" (narrated by Forest Whitaker) we meet the man who never lost sight of his vision of equality, and with enormous courage changed the world. In the animated documentary "Eyes on the Stars" a boy reads "science", not "science fiction" and doesn't let anyone else write his life story in his search to become an astronaut. In "The Bake Shop Ghost", a young woman is determined to realize her life's goal to open her own bake shop, despite a troublesome obstacle in her path. See how the past can shape the future as these characters 'Dare to Dream'.
