

Awesome Adaptations!

Animated Short Film Program

Grades PreK - 1 (Ages 4-6)

70-minute program includes media education

All world language films will be screened with English subtitles read aloud for younger audiences.

Early readers will be excited to compare and contrast the filmed versions of their favorite reads! Whether Walt Whitman's frosty poem or the Common Core Standard, *Kitten's First Full Moon* – there are many treasures to rediscover on the big screen. In one film, a determined princess finally understands the true meaning of self-expression when a member of her court speaks up. In another film, a Nutbrown Hare and friends gather examples of the color blue, only to find the biggest blue is above them the whole time. Whether favorite illustrations come to life or meeting new friends in familiar circumstances, there are fresh and friendly experiences ahead in Awesome Adaptations!

Films from Australia, Germany, Sweden, and the US.

Themes: Friendship, teamwork, managing expectations; syllable vowel sounds; genre (poem, oral history, bedtime story, song); order and sequence, shapes; relation between illustration and text.
