

Facets Children + Youth

It's the Write Time

Animated/Live-action Short Film Program

Grades 6-9 (Ages 11-15)

90-minute program includes media education

All world language films will be screened with English subtitles.

Witness the power of the written and spoken word as it transforms lives in these short films. In one film, a pair of feathered pen pals meet when the seasons change and look to expand their exchange. In When Joe expresses his feelings for Kaitlyn through a handwritten letter rather than a text she doesn't know what to make of this quaint method of communication. Whether these films are about letters, diaries, journals, poems, texts - celebrate the magic of imagination and communication!.

Films from Canada, England, Finland, Mexico, the Netherlands, Russia, and the US.

Themes: Compare and contrast different genres, formats, styles of texts with filmed versions of poems, journals, letters. Character and relationships. Point of view. Observation and description. Connection and paying forward, communication through the written word. Epistolary romance.
